## *Special Notes - Important*

We also offer a very large variety of web solutions that are at your disposal. Please visit [www.clshosting.com](http://www.clshosting.com).

Please feel free to call or email us today for more specific pricing. PLEASE remember this only represents general prices! There is no way for us to advertise flat rates since we believe in accommodating each person or company. We could offer flat fees but if we did that, you wouldn't get special treatment! And we wouldn't want that!

We also offer photography services.

Last, there is another site we want to encourage you to visit and pass around. The website is at: [www.clscharity.com](http://www.clscharity.com) This website is full and jam packed with information about anything and everything people need to know. From charity events, assistance, business assistance, grants, forums, chat rooms, and much more. This site is under construction right now, so please keep it in mind and visit often for upcoming changes! Thank you so much to everyone that has

supported us in this venture.
